Everyone knows how much work is involved in maintaining a pool. On average you can spend up to 9 months a year cleaning, vacuuming your pool & only enjoy 3-4 months use. What's more of a concern is when you have children and pets - then you need that extra set of eyes at the back of your head to ensure their safety.

Well don't despair! Elite has the solution for you.

When you're not swimming, simply cover your pool with the Elite Super Mesh™ cover and put not just your pool, but your worries, concerns and chores to bed.

For peace of mind and lots of free time, it's the Elite Super Mesh™ cover
